RE: Recycled Steel Content

The steel(s) used by BarSplice Products, Inc. in the manufacture of the Zap Screwlok® Type 2 Series, SL Series, and Structural Connector are procured from U.S. domestic sources, such as Plymouth Tube and/or Michigan Seamless Tube, that have reported their recycled steel content as follows:

Mill Name and Location	Recycled Content (Approximate)			Non-Recycled Content (Approximate)
	Post-Consumer	Post-Industrial	Total	
Nucor Bar Mill Group Memphis, TN	55.0%	24.6%	79.6%	20.4%
Steel Dynamics, Inc. Pittsboro, IN	67.0%	30.0%	97.0%	3.0%

Respectfully Submitted,

Tim Cartwright
VP, Engineering & Technical Support
